Head Clerk C. W. Hawes, of the Modern Woodmen of America, was yesterday afternoon made the recipient of an appropriate and substantial token of the esteem in which he is held by the head officers of the order. Shortly before 5 o'clock in the afternoon the gong sounded summoning the force of the head office to the lower corridor, and when Maj. Hawes

MAJ. C. W. HAWES.

appeared to see what was the matter he was confronted by Director Marvin Quackenbush, of Dundee, who, in a short speech, presented him with a handsome bay Morgan horse hitched to a 2-seated rubber-tired surrey, the outfit complete, even to whip, laprobe and a bucket with which to water the horse. Recovering from his surprise, the major gracefully accepted the gift and expressed

and was accompanied by the teams in uniform and a drum corps. A committee from the head office and the foresters team of Camp 26 met the visitors at the train and escorted them to the Woodman building. There Head Attorney J. W. White met them in the corridor and gave an address of welcome. Head Clerk Hawes followed with a few remarks and then the visitors were shown about the building.

There was no set program for the afternoon, but the crowd was divided by the various attractions offered by this city and Davenport. Maj. Blunt has very kindly arranged so that visiting Woodmen are admitted to Rock Island Arsenal on their badges, and a large number took advantage of the opportunity to see the Rock Island Arsenal shops. The excursionists leave for home at 7 o'clock this evening.

PROCLAMATION BY THE GOVERNOR

Why He Concluded to Suspend
the Tests--Smith's
Removal.

Springfield, Ills., Aug. 8.—Governor Tanner yesterday issued a proclamation suspending the operations of the regulations contained in his proclamation with reference to tuberculosis among dairy and breeding cattle, issued June 13, 1899. In suspending the operation of the former proclamation the governor inserts a proviso that nothing in the latter proclamation shall be construed so as to prevent the prosecution or defense of any litigation now pending growing out of the enforcement of the quarantine regulations contained in the prior proclamation. In connection with this proclamation the board passed a resolution suspending the operation of the regulations of the resolution adopted in conformity with the original proclamation of the governor of June 1899, requiring the examination of all cattle before their shipment to any point in the state from either the Union stock yards, Chicago, or the National stock yards, East St. Louis.

Governor's Reasons for His Action.
Governor Tanner last night, speaking in reference to his action above stated, said he had not hesitated to suspend the operation of the law because there are not sufficient funds to carry out the provisions of the law and because he is not in sympathy with the law as it is, because its strict enforcement takes from the citizen his lawful property without adequate compensation. He says many farmers are ignorant that their herds are affected and when the animals are killed and found infected they are only compensated for 25 to 75 per cent. of the value of the animal, according to infection. He believes the law should be amended to provide full—or at least full—compensation as is deemed wise—and giving the commission larger powers and providing for the inspection of all barns, sheds and stables where dairy herds are kept.

REMOVED HIM PEREMPTORILY.
Prominent Chicagoan Loses His Job Because of Indictments.

Chicago, Aug. 8.—Lloyd J. Smith was peremptorily removed from the Lincoln park hotel Monday by the order of Governor Tanner. In relieving the commission of the man who stands indicted on six counts for alleged fraudulent shipments of grain, the governor reviewed the case Monday by the order of the governor, and revealed a conversation he had with Smith in January, as follows:

"I sent for Lloyd Smith, and he came to see me at the Great Northern hotel. I said to him that the circumstances, evidence, the surroundings, and the conditions were against him, and asked him to tell me the whole truth about the matter. I told him that he was guilty of what he was doing the sooner he made a clean breast of it the better it might be for him; that I proposed to go to the bottom of the affair in a thorough, searching investigation, and to let the responsible and guilty parties; that I did not care to pass judgment on the case; that if he were innocent and clean in the matter I would stand by him, but that if he were guilty procrastination only would lead to his further embarrassment. I asked him for the truth.

"He said he was absolutely innocent of any wrongdoing; that if there was anything crooked in regard to it connected with his warehouse, it was wholly unknown to him and occurred during his absence; that he had been seriously and continuously ill for some months." The governor, thus reassured, continued to hold faith in Smith until convinced that the latter "either carelessly, purposely, or knowingly misrepresented the facts and deceived him."

Governor Goes for an Outing.
Springfield, Ills., Aug. 8.—Governor and Mrs. Tanner; his son and private secretary, J. Mack Tanner, Fourth Illinois infantry, and wife; governor's brother, Warden J. Mack Tanner, of the southern Illinois penitentiary, and wife; secretary John T. Peters, of the state board of public charities, and wife; Turney English, Mrs. Tanner's father, and Charles Brown, of Florida, will leave here in a special car this afternoon for Chicago, whence they leave in a few hours for Colorado for an outing of one month.

Bid for That Normal School.
Galesburg, Ills., Aug. 8.—Large delegations from Alledo, Monmouth, Dallas City, Macomb, Quincy and La Harpe, all competing for the location of the Western Normal School, were present at the first meeting of the new trustees held here. Each presented its bid. Monmouth, Macomb, Alledo and Quincy being allowed to withdraw their old ones and offer new propositions. All offer sites, with paving, light, water and fire protection.

Helped Haul Daniel Connell.
Peoria, Ills., Aug. 8.—Mrs. Catherine Stanley Kelly, aged 90, died here yesterday. Mrs. Kelly was one of the group of girls who hailed the marriage of Daniel O'Connell through the streets of Dundalk, County Louth, Ireland, on the occasion of the visit of the great Irish leader to that city.

Preacher Nominated in Fulton.
Lewistown, Ills., Aug. 8.—The Fulton county Democratic convention here Monday instructed for Rev. John Hughes, of Table Grove, and L. R. Van Deventer, of Orion township, as candidates for representatives from the Twenty-sixth senatorial district.

Appointed by the Governor.
Springfield, Ills., Aug. 8.—Governor Tanner has announced the appointment of Harry E. Wood, De Kalb; Adams A. Goodrich, Chicago; and R. S. Ferrand, Dixon, as trustees of the Northern Illinois Normal School at De Kalb.

STUPENDOUS EXPORT YEAR.

American Foreign Trade Makes a New Record.

Over \$40,000,000 worth of manufactures were exported from the United States in the month of May, and \$25,000,000 worth of manufactures' materials were imported into the United States. This is a higher record both in exportation of manufactures and importation of manufactures' materials than was ever made in any preceding month in the history of our foreign commerce and manufactures.

This assures a total exportation of manufactures in the fiscal year of 1900 of fully \$425,000,000 and an importation of manufactures' materials of \$300,000,000, which will make the record in both exports of manufactures and imports of manufactures' materials much higher than that of any preceding year. On only four occasions has the importation of manufactures' materials reached the \$200,000,000 line, while in the year just ended it will be, as already indicated, about \$300,000,000, an increase of 50 per cent over the average of the last five years. Exports of manufactures in 1899 were \$338,000,000 and will be fully \$425,000,000 in 1900, an increase of nearly a quarter of \$90,000,000, while in earlier years ever showed an increase of as much as \$50,000,000.

The total importation of manufactures for the year will aggregate about \$325,000,000, and, as already indicated, the total exports of manufactures will aggregate about \$425,000,000. Prior to 1898 imports of manufactures always exceeded exports of manufactures. In 1888 imports of manufactures were 2 1/2 times the amount of exports of manufactures. In 1893 they were still more than double the amount of the exports. In 1896 they were nearly 50 per cent greater than the exports.

In 1898, for the first time, the exports of manufactures were greater than the imports of manufactures, the figures for that year being respectively: Imports of manufactures, \$228,000,000; exports of manufactures, \$290,000,000. Since that time exports of manufactures have steadily increased and, as above indicated, will now exceed the imports of manufactures by about \$100,000,000.

Miss Baden-Powell's Animals.
Miss Baden-Powell, sister of the hero of Mafeking, is devoted to animal pets, and she has a collection of these absolutely unique in London. In the drawing room, at 8 St. George's place, Hyde park, there is a fine aviary; two large show beehives are stationed in the window, the exit of the bees being toward the park, of course, but glass insets allow their buzzing operations to be perfectly seen by the occupants of the room.

Miss Baden-Powell has also a number of birds which fly about the house and are not confined in any way.—Philadelphia Record.
